SUMMARY

Motivated and detail-oriented **Junior Web Developer** with 5 months of hands-on experience building responsive and user-friendly interfaces using **HTML**, **CSS**, **JavaScript**, and **React.js**. Passionate about creating seamless user experiences and eager to contribute to meaningful web projects while growing in a supportive development team.

TECHNICAL SKILLS

- **Programming Languages** - JavaScript, Python.
- **Frontend Technology** - HTML5, CSS3, JavaScript, React.js.
- **Database management** - MongoDB..
- **Tools & Platforms** - Git, GitHub, VS Code.
- **Development Stack** - MERN stack.

EXPERIENCE

Krisol Infosoft Pvt. Ltd - Junior Web Developer (Internship)   **Oct 2024 – Apr 2025**

- Developed and deployed a Management Information System (MIS ERP) for **Comart**, a printing industry client, tracking production tasks, print jobs, and deliveries with real-time timestamps.
- Worked on **Krisol's official company website**: contributed to frontend UI improvements and responsive design.
- Contributed to the **Marinex website** (a meat product vendor): built parts of the UI using HTML, CSS, JavaScript and React.
- Supported development for **BMC's chef booking platform,** focusing on interface design and bug fixing.
- Gained strong debugging skills and exposure to real-world frontend development and deployment workflows.

EDUCATION

Bachelor of Science in Computer Science   **Aug 2021 - March 2024**

Patkar Varde College, Goregaon (W)
- SGPI - 9.1

SOME GITHUB PROJECTS

1.Anime Watchlist Web App

React.js, Typescript, MERN stack.
- Built a responsive Anime Watchlist using React.js. Users can add, remove, and categorize anime entries (Watching, Completed, Plan to Watch). Implemented search, filter, and localStorage persistence.
- Integrated public API to fetch anime details with cover art, episodes, and metadata.
- Ensured responsive layout and smooth user experience across all screen sizes.
- Demonstrates understanding of **React** architecture and asynchronous data handling.
- Link: https://personal-anime-watchlist-frontend.onrender.com/

2. JavaScript Mini Projects Collection
- Developed some mini projects to enhance **JavaScript and DOM manipulation** skills.
- Developed interactive UI components including a digital clock, calculator, color flipper, and drum kit.
- Strengthened DOM manipulation, logic building, and responsive design skills.

ACADEMIC PROJECTS

- **ArtHub Connect (Android, Kotlin + Firebase):** Developed a community app for artists with authentication, artwork uploads, comments, and chat features.

- **Shadows of Starhaven (Unity, C#):** Built a 3D action-adventure game with enemy mechanics and environmental interaction.

ADDITIONAL INFORMATION

- **Languages:** English, Hindi, Marathi
- **Career Interests:** Web Development, Frontend Web Development, React Web Developer.

DECLARATION

I hearby confirm that the information given above is true to my knowledge and belief.
